FAMILY MOVIE NIGHT

On April 27th, the PLMS Literacy Team hosted its first annual Family Movie Night in the PLMS Gym. Family and friends circled up to watch the movie *Wonder*.

The Team's goal in hosting this event was two-fold. One, the team wanted to promote literacy, as the movie is based on the book of the same name. It is a wonderful story of hardships, differences, acceptance and friendships (sounds a lot like middle school, right?). The second goal of this event was to promote community. PLMS students and parents were invited, but 6th graders and their families from all PLMS feeder schools were invited as well.

A raffle was held and *Wonder* related items were given away. Concessions were offered, the screen was lowered, the sound was cranked, and about 40 people took the opportunity to slow down from their busy lives on a Friday night and just hang out. It was a great night!

LSR-7 SCHOOL DISTRICT ONLINE REGISTRATION TO OPEN JULY 13

Through Powerschool Registration, formerly known as InfoSnap, online software, process is streamlined for families and school employees

Lee's Summit R-7 families may begin online registration for the 2018-19 school year on July 13. The school district transitioned to online registration in the Summer 2016. The online procedures replaced paper enrollment in 2016 and are designed to make it easier for families to register and prepare for the school year.

Families may use their 2017-18 Powerschool username and password. YOU MUST be able to log into your PowerSchool Parent Portal account to begin the registration process. This link will take you to the [login page](#). We encourage each of you to test your account in May to make sure you can get into the system and are not slowed down by this in July. The directions for logging into PowerSchool can be found [here](#). If you have any problems logging in, please contact your school office. Thank you! Families new to the school district are asked to contact their child's school for enrollment and registration.

In addition to the time-saving advantages, online registration improves the accuracy of data since parents will enter their children's information directly into the program. The previous enrollment and

registration process required parents to submit paper copies with school staff members entering data from these forms into the database. For convenience sake, families also have the opportunity to pay any school fees online.

Proof of age (for new students only), proof of residency and immunization records are uploaded by families using the online program. Please note -- lease agreements will only be accepted as proof of residency if they include all utilities (gas-not propane, electric, water or sewer). New lease agreements will be accepted if possession of property located within the Lee's Summit R-7 School District occurred within the past 30 days. More information about residency and other requirements for enrollment are available on the Lee's Summit R-7 website at <http://www.lsr7.org/parents/enroll/>.
